HURRICANE SANDY: REPLACEMENT FOOD STAMPS

Almost two million New Yorkers receive Supplemental Nutritional Assistance Program (SNAP) benefits, which are commonly referred to as Food Stamps.

What Can I Do If Food I Purchased with Food Stamps Went Bad During Hurricane Sandy?

The government gave current Food Stamp beneficiaries who live in certain zip codes an extra 50% of their monthly benefit amount to replace food that they lost during Hurricane Sandy. If you live in one of the following zip codes, you should have automatically received this benefit:
