

# Applying for HRA Emergency Grants

## What types of grants can help me in an emergency?

The Human Resources Administration (HRA) has three grants that can help you in an emergency:

- **Emergency Assistance for Adults (EAA)** is for people who receive or who are eligible for SSI.
- **Emergency Assistance to Families with Children (EAF)** is for families with children who get public assistance.
- **Emergency Safety Net Assistance (ESNA)** is for single adults and childless couples.

## What does HRA consider to be an emergency?

An emergency is a sudden situation from a serious event that was beyond your control.

## What are the requirements for each grant?

Your household must:

## If I am an immigrant can I qualify for an HRA Emergency Grant?

Eligibility for an emergency grant depends on your immigration status and other factors, including: when you came to the U.S., if your immigration status has changed, your age, and if you have a disability.

As each case is different, please contact us if you have questions before applying for an emergency grant for you or for others. Applications can affect your immigration status.

## How can I apply for a grant?

You can apply for a grant at any local HRA Job Center. HRA will give you an interview. At the interview you will need to give HRA documents to show you are eligible. If you tell them it is an emergency, HRA should make a decision on your grant application during the emergency period.

## How often can I apply?

HRA limits how often and how much help you can get. However, HRA can make an exception if you show the need and importance of your emergency situation.

## Will getting one of these grants affect my other benefits?

<b>EAA/ ESNA</b>	Your income doesn't count for SNAP, Medicaid, and SSI.
<b>EAF</b>	Your income doesn't count for SNAP and Medicaid, but does count for SSI.

## Will I have to pay back any of the grant that I receive?

<b>EAA</b>	You generally do not have to pay back this grant.
<b>EAF</b>	<p>You generally do not need to repay a rent arrears grant. However, if HRA gives you more than the maximum monthly shelter allowance you get, you might have to pay back the difference.</p> <p>Also, you may have to pay back a utility debt grant, and you will have to sign a repayment agreement if your income is higher than what HRA would give you monthly. All other types of EAF grants usually do not need to be paid back to HRA.</p>
<b>ESNA</b>	<p>If you are not getting cash assistance from HRA, you will have to repay a rent arrears grant. You will have 12 months to repay it.</p> <p>You may have to pay a utility debt grant back, and you will have to sign a repayment agreement if your income is higher than what HRA would give you monthly.</p> <p>If you are already getting a utility grant, you can't get another one unless you haven't missed any payments on your current repayment agreement, you pay back all of the first grant, or you apply during cold-weather season (January 3<sup>rd</sup> – April 15<sup>th</sup>). If you apply because of cold-weather season, you have to sign a new repayment agreement and start paying back both grants on April 16<sup>th</sup>.</p>

	If you later get HRA cash benefits or SSI benefits, you can stop paying back the utility grant. But, if you stop getting cash assistance or SSI, you will have to start paying back the grant again.
